The ending of support from a major corporate donor has led to a sharp decline in the Trust's income this year.
However we are fortunate to have committed supporters who contribute by Standing Order or through the professional services they give the Trust on a voluntary basis or by volunteering at CRP, helping the Trust to keep in touch with CRP's work and Valerie Taylor herself.

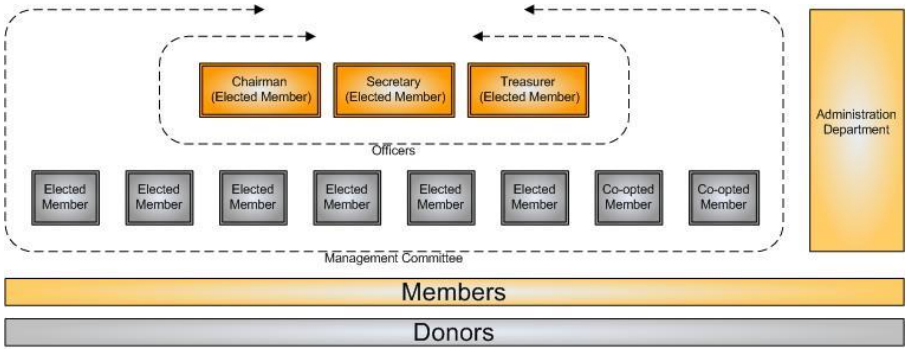

Annual Report 2025 – 2026

Structure, Governance and Management

The Valerie Taylor Trust is governed by a constitution adopted on 5 September 2007 as amended on 16 December 2007.

The charity is managed and administered by a Management Committee. The Management Committee for the year 2024-2025 consisted of elected members who are also the trustees of the charity.

The chart below indicates the organisational structure of the Valerie Taylor Trust:

Recruitment of the Management Committee

At the 2025 annual general meeting, Mokhtar Hussain, Sayadul Khaled and Glen McGhee stood down, but were all willing to be re-elected. In the absence of other valid nominations these three were elected.

At the 2026 annual general meeting one third of the members of the Management Committee will again stand down but will be eligible for re-election. The Management Committee may also appoint up to three co-opted members.

All members of the Valerie Taylor Trust are eligible to become members of the Management Committee. To become a member of the Management Committee, a member of the Valerie Taylor Trust needs to be nominated by another member of the Valerie Taylor Trust and stand for election at the next Annual General Meeting.

Our Objects

The objects of the Valerie Taylor Trust are:

(a) To assist in the treatment, care and rehabilitation of disabled people in Bangladesh, in particular but not exclusively by promoting reintegration into the community, raising awareness of disability issues, and educating health care workers.

(b) To relieve poverty in Bangladesh.

The Trustees have decided that at the moment the best way of fulfilling these aims is by making grants to the Centre for the Rehabilitation of the Paralysed (CRP).

Total income = £73,035

Financial Review

Funds are raised by donations, membership support, fundraising events, trusts and companies. Expenditure is aimed to promote all these forms of giving, such as providing access on the Just Giving website, Gift Aid envelopes, leaflets and mailing campaigns. During the period of this report, the total income was £73,035. This consisted of donations and subscriptions totalling £60,868, reclaimed tax as Gift Aid of £5,332, £3,971 from Fundraising events, and £2,500 from companies. Income from companies was much less than in previous years because the large donations from Primark following the Rana Plaza disaster have now ended. Expenses related to supporting this giving were £4,731. Net Income was £68,304 compared to £228,000. Grants made to support CRP amounted to £65,000.

At the end of the reporting period the remaining balance of cash funds stood at £11,649. The trustees consider that due to the simplicity of the Trust's finances a detailed policy is not required. However, the Trust ensures that it always maintain sufficient cash on hand to cover its expected expenses for the next four months or a minimum of £10,000 – whichever is greater. The Trust does not currently have an investment policy because all receipts, net of expenses, are sent to CRP. The trustees have reviewed the relevant legislation and believe that the trust's accounts are exempt from the requirement from an annual audit, and that an independent examination suffices.

PROGRESS AT CRP

The C.B.E. conferred by the UK on Valerie Taylor in 2025 recognised what has been achieved at CRP since she founded it 45 years ago, and CRP continues to take on new challenges. In July 2025 CRP once again responded to a tragedy when a military jet crashed into Milestone School and College. 28 seriously injured survivors, with burns ranging from 6% to 50% of total body surface received rehabilitation support at CRP. Physiotherapists provided respiratory training, positioning, scar management, strength and mobility exercises., Occupational therapists provided communication and swallowing therapy, while counsellors addressed trauma, sleep disturbances, fear and distress – helping survivors develop coping skills and rebuild hope. While scars and challenges remain, the survivors are finding courage and renewed belief in life, and CRP is committed to their ongoing care.

In January 2026 CRP was able to open a new X-ray Department at Savar, which now has two X-ray rooms with up-to-date digital equipment. CRP Savar can now take a full-length image of the spine: a significant advance for diagnosing and treating spinal injuries.

The three undergraduate programs essential to the rehabilitation sector, Physiotherapy, Occupational Therapy and Speech and Language Therapy, are currently only available at CRP's Centre in Savar. A significant step forward came in February 2026 when Rajshahi Medical University granted CRP permission to establish a new Health Professions Institute on land generously donated for this purpose in Rajshahi.

2025 - 2026 ended on a hopeful note in Bangladesh with the peaceful election of a new Government in March 2026 following a difficult period of unrest and uncertainty.

In view of its grants to CRP, VTT Trustees consider they have complied with their duty under section 4 of the Charities Act 2006 concerning public benefit, primarily the advancement of health and the relief of those in need by reason of disability.

Fundraising in UK

- A Curry Evening at the Chutney Ivy Restaurant in Leicester celebrating Valerie's C.B.E raised over £2,400 with the generous support of the restaurant's owner, Mr Shaf Islam.
- A Curry Evening at the Taj of Kent Restaurant in Marden, Kent raised £690.
- An event organised by Mr Sarwar Hassan, the Bangladesh Association Glasgow chair, presented a play 'Lascars', with a meal, and raised £700.

Visits to CRP

- Glen McGhee, an orthotist and a trustee of VTT, spent 3 months at the CRP Savar Centre. He worked in the Prosthetics and Orthotics Department helping with clinical activities and exchanging knowledge with staff.
- In a 4-week visit to CRP Savar in January, Jill Fisher, specialist in physiotherapy for neurological patients, worked with newly qualified physiotherapists and senior staff in the Neurological Department, Stroke Unit and the Spinal Cord Injuries Unit, and delivered several training sessions focused on deepening understanding of core treatment principles and giving staff the chance to develop their practical skills with the help of hands-on guidance.
- Liz Timms and daughters Anna and Rachel volunteered at CRP Savar in January 2026. Anna, physiotherapist, worked with newly graduated physios, and Rachel, occupational therapist, introduced the concept of 'role play' as a teaching tool. Liz and her colleague Aliman collected and encouraged poetry, and also enjoyed conversations with staff about their vision for CRP.
